STANDING ORDER

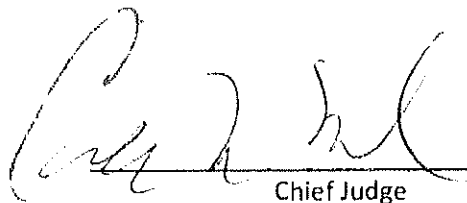

McMahon, C.J.:

In view of staffing and safety considerations occasioned by the COVID-19 pandemic,

IT IS HEREBY ORDERED that, commencing immediately and until further order of the court, when any detained defendant is admitted to bail, the conditions of which include location monitoring, and where all conditions of release must be met prior to release, proof that all conditions have been satisfied must be produced to the United States Marshals by 12:00 PM (noon) in order to secure the defendant's release on that day. As long as the necessary proof that all conditions precedent to release have been satisfied is received by 12:00 PM (noon), the defendant shall be produced to the Pretrial Services Office for installation of location monitoring equipment. However, if the United States Marshals are not notified that all conditions precedent to release have been satisfied until after 12:00 PM, the defendant shall continue to be held until 10:00 AM the following business day, at which time the defendant must be produced to PreTrial Services for installation of location monitoring.

This order applies only to defendants who have a bail condition of location monitoring and where the bail order directs that all conditions of release must be satisfied prior to release.
