**ORDER LIFTING STAY AND
OPENING DISCOVERY IN NON-
RESPIRATORY CASES**

21 MC 100 (AKH)

----- X
ALVIN K. HELLERSTEIN, U.S.D.J.:

At the status conference held October 16, 2012, for non-respiratory injury cases identified in my order filed October 3, 2012, questions arose concerning the applicability of stay orders to these cases. For the sake of clarity and to expedite the final resolution of these cases, all stay orders previously issued no longer apply to these cases. Discovery shall proceed on all fact issues, including Rule 35 physical and mental examinations, and be completed by January 31, 2013. Expert discovery need not be completed by this date.

The next status conference for non-respiratory injury cases in the 21 MC 100 master calendar will occur on February 14, 2013 at 10:30 a.m. in Courtroom 14D. The status conference scheduled for November 15, 2012 at 11:00 a.m. is adjourned. Previous orders expressed at the status conference and in my order of October 24, 2012, regulating discovery in these cases are canceled.

SO ORDERED

Dated: October 26, 2012
New York, New York

ALVIN K. HELLERSTEIN
United States District Judge
